G **Em** **C** **G**
The things I don t want to do, I just keep doing
G **Em** **C** **G**
The things I want to do, I can t do
G **Em** **C** **G**
What a wretched man I am becoming
G **Em** **C** **G**
What a wretched man I have become
Em **C** **G**
Who will save me

From this body of death that is looming
From this funeral parlor I keep on seeing
In the corner of my eye while pointing my gun
In the corner of my mind while ignoring the sun
Em **C** **G** **Em** **C** **G**
It s coming for me, it s coming for me

Em **B** **C** **G**
But what you ask just cannot be done
Em **B** **C** **G**
A spineless heart is what I ve become
Em **B** **C** **G**
This weight on my back is just too heavy
Em **C** **G**
A holy life just wasn t for me

Keep smearing my heart, all over my sleeve
Someone comes and wipes it off and takes it from me
What s left is hardly mine but just a shadow of myself
For I find that I m entwined, in a battle over my health
And I can t win, and I can t win

But what you ask just cannot be done
A spineless heart is what I've become
This weight on my back was just too heavy
A holy life just wasn't for me, a holy life just wasn't for me

(harmonica break)

But what you ask just cannot be done
A spineless heart is what I've become
The sweat on my back was just too heavy
You say a holy life still waits for me
You say a holy life still waits for me

That's the song. Listen to figure it all out, but it's not hard.
