G- 355433 Chord progression is the same for the whole song

A **D**
Come all ye fair and tender ladies
A **Bm**
Take a warning how you court your men
D **A**
They re like the stars on a summer morning
G **A**
They ll first appear and then they re gone

They ll tell to you some loving story
And then pretend they love you well
And away they ll go to court some other
And leave you here in grief and dwell

If i had known before I courted
I never would have courted now
I d lock my heart in a box of golden
And never show it to no one

I wish I was a little sparrow
And I had wings and i could fly
I d fly straight way to my false true lover
All he d ask i would deny

But I am not some little sparrow
I have no wings nor can I fly
So I ll sit me down in grief and sorrow
And try to pass my troubles by
