

Megan Faria - Rainstorm
Misc Unsigned Bands

Okay, so this is my first submission, so don't be too harsh. I watched her video to get these chords and I thought it sounded the same when I played it with her! Good Luck!

No Capo

STRUMMING: I put my thumb on the top string and my index finger on the bottom string and pull them together for the verses and bridge. For the chorus I just strum! Check out the video to get the beats and the vocals at the end. The lyrics came directly from the description under her video!

We (**Am**) fought like we were younger aged
(**C**) Never meant the things we'd say
Tried (**D**) to protect myself from all the (**G**) hurt
And (**Am**) now that you are not with me
My (**C**) life is just a mystery
And (**D**) every second spent alone hurts (**G**) worse

And (**Am**) it kills me (**C**) inside to know that
(**D**) You're still (**G**) alive, not loving me
(**Am**) And boy I've (**C**) tried to be a big girl
(**D**) But big girls (**G**) cry if they want to

(**Am**) Tonight the clouds are (**C**) coming out
The tears are (**D**) pouring down some (**G**) more
(**Am**) Tonight the lightning's (**C**) gonna strike
There'll be (**D**) flash flood signs
So (**G**) bring on the rain storm

Am, C, D, G

If (**Am**) hearts were meant loving then
Why (**C**) am I single once again?
I (**D**) blame myself for all that we've (**G**) become
And (**Am**) even though I (**C**) broke your heart
You're (**D**) not the one who fell apart
I (**G**) apologize for that I've done

And (**Am**) I make believe, (**C**) you're still here
(**D**) In love with me, but (**G**) nothing's ever clear

And (**Am**) boy I ve (**C**) tried to be a big girl
But (**D**) big girls (**G**) cry if they want to

(**Am**) Tonight the clouds are (**C**) coming out
The tears are (**D**) pouring down some (**G**) more
(**Am**) Tonight the lightning s (**C**)gonna strike
There ll be (**D**) flash flood signs
So (**G**) bring on the rain storm

Am, C, D, G

(**A**) It s over, (**Em**) I know that
(**G**) But I can t face (**D**) reality
(**A**) I m sorry, (**Em**) I slowly
(**G**) Pushed you away from (**D**) me

(**Am**) Tonight the clouds are (**C**) coming out
The tears are (**D**) pouring down some (**G**) more
(**Am**) Tonight the lightning s (**C**)gonna strike
There ll be (**D**) flash flood signs
So (**G**) bring on the rain storm X2

Am, C, D, G
