

**Meghan Tonjes - Affected**  
**Misc Unsigned Bands**

Standard Tuning, no Capo

Chords: **Am**, **C**, **D**, **F** throughout the whole song

**Am**

I am affected by you

**C**

I know I really shouldn't stay

**D**

But, I wanna know the way you feel

**F**

And I wanna know the way you taste

I am affected by you

I'm so aware of when you go

But, I'm not the one who's gonna save you

I'm just another girl you know

I should get up and go

I should put on my clothes

Gotta keep it quiet 'cause I think they already know

Play it like a one way fare

You know how to get me there

Back up, back up

Gonna be another one playing with a loaded gun

under guise of drunken fun

You know me, yeah you know me friend

I am affected by you

I know I really shouldn't stay

But, I wanna know the way you feel

And I wanna know the way you taste

I am affected by you

I'm so aware of when you go

But, I'm not the one who's gonna save you

I'm just another girl you know

Make a girl wanna stay

Run it back, come away

It could take a minute, yeah I got a new game to play

I'm not yours but you are mine

So come on baby, waste my time

It's on I know, ready for a new one

In and out, it's been fun

I just wanna get some

Don't worry, you'd be hard to love

I am affected by you  
I know I really shouldn't stay  
But, I wanna know the way you feel  
And I wanna know the way you taste

I am affected by you  
I'm so aware of when you go  
But, I'm not the one who's gonna save you  
I'm just another girl you know
