Stuck on the Moon - Microwave Jenny

CAPO 1

Another GREAT tune from this duo! These are not direct chords but they are enough to get by. The picking is a little tricky so I ll leave that up to you to figure out! :)

Tabbed by: Braden M.

The D^ is a D chord with your pinky finger going on the 4th fret of the A string.

Sounds better when picked a bit first instead of just strummed.

Intro: D D^ Bm A G D Em
 A

D D^ Bm A
You might not believe that these words are my own
G D Em A
But I wrote this myself so your mind would be blown
D D^ Bm A
If what I felt for you was kept on a boat
G D Em A
Thereâ€™s not enough water to keep it afloat

D

D D^ Bm A
If every word I wrote made you want to smile
G D Em A
Iâ€™d write a list of words as long as The Nile
D D^ Bm A
And never stand so far that I had to shout
G D Em A
Iâ€™d follow you â€™round and wonâ€™t shut my mouth

G A
If you were safe when I held you Iâ€™d be satisfied
D D^ Bm A
With my arms stitched in a coat and you wrapped in inside
G A
Youâ€™d wear me out in the rain and the snow
D D^ Bm A
But you canâ€™t hang me up â€™cause I wonâ€™t let you go

G **D**
 No I wonâ€™t let you go

D **D^** **Bm** **A** **G** **D** **Em** **A**
 If you were only happy if I went away
G **D** **Em** **A**
 Iâ€™d dig a hole in the moon and inside Iâ€™d stay
D **D^** **Bm** **A**
 But Iâ€™d take a pencil and some paper too
G **D** **Em** **A**
 And think of the perfect words to write to you

G **A**
 Iâ€™d take all the lines from your favourite songs
D **D^** **Bm** **A**
 And write a new favourite and youâ€™d sing along
G **A**
 Then Iâ€™d pencil in your favourite cartoon
D **D^** **Bm** **A**
 And heâ€™d stand before millions and sing you this tune
G **D**
 While Iâ€™m stuck on the moon

G **A**
 If you were safe when I held you Iâ€™d be satisfied
D **D^** **Bm** **A**
 With my arms stitched in a coat and you wrapped in inside
G **A**
 Youâ€™d wear me out in the rain and the snow
D **D^** **Bm** **A**
 But you canâ€™t hang me up â€˜cause I wonâ€™t let you go
G **D**
 No I wonâ€™t let you go

Hope this works for some of you! Any questions/comments email
