Stuck on the Moon - Microwave Jenny

CAPO 1

Another GREAT tune from this duo! These are not direct chords but they are enough

to get by. The picking is a little tricky so I ll leave that up to you to figure out! :)

Tabbed by: Braden M.

The  $D^{\bullet}$  is a D chord with your pinky finger going on the 4th fret of the A string.

Sounds better when picked a bit first instead of just strummed.

Intro: D D Bm A G D Em

D D^ Bm A

You might not believe that these words are my own

G D Em A

But I wrote this myself so your mind would be blown

D D' Bm A

If what I felt for you was kept on a boat

G D Em A

There's not enough water to keep it afloat

D

D D^ Bm A

If every word I wrote made you want to smile

G D Em A

I'd write a list of words as long as The Nile

D D' Bm A

And never stand so far that I had to shout

G D Em A

I'd follow you â€~round and won't shut my mouth

G A

If you were safe when I held you I'd be satisfied

D D^ Bm A

With my arms stitched in a coat and you wrapped in inside

G

You'd wear me out in the rain and the snow

D D^ Bm A

But you can't hang me up â€~cause I won't let you go

G I

No I won't let you go

D D^ Bm A G D Em A

D D Bm A

If you were only happy if I went away

I'd dig a hole in the moon and inside I'd stay

D D' Bm A

But I'd take a pencil and some paper too

G D Em A

And think of the perfect words to write to you

G A

I'd take all the lines from your favourite songs

D D^ Bm A

And write a new favourite and you'd sing along

G A

Then I'd pencil in your favourite cartoon

D D^ Bm A

And he'd stand before millions and sing you this tune

G D

While I'm stuck on the moon

G A

If you were safe when I held you I'd be satisfied

D D' Bm A

With my arms stitched in a coat and you wrapped in inside

G A

You'd wear me out in the rain and the snow

D D^ Bm A

But you canâ $\in$ Th hang me up â $\in$ Cause I wonâ $\in$ Th let you go

No I won't let you go
