Lyrics:

Oh it s coming on
And this snow mountain quickly fill this riverbed
The feeling now is strong
You re the new life who helped me clear my head

Sit at the base of an evergreen
Let it s cover keep the rains from falling on me
Sounds like a dream
But happily it s my reality

Ooh
Whoa I m holding on
Ooh
Where I m from where I ve gone

Barefoot I m on high
As I m running through the forrest to waterline
Atop a driftwood seat
?, the water s washing over me

The mountains they surround
If they snow ?
Sounds like a dream
But happily it s my reality

Ooh
I m holding on
Ooh
Where I m from where I ve gone

Ooh
Oh I m holding on
Ooh
Yeah where I m from where I ve gone

Yeah where I ve gone
