V1:

Am **Em**
And he sets down his plastic bag
Am **Em**
Amongst the rubbish and shite
Am **Em**
He ties up his hooded top
G **D** **Em**
And puts his head down for the night

V2:

But heâ€™ll be lucky if he gets any sleep
Because the sirens tend to moan
And the old man lying across from him
Is as cold as fuckin stone

Refrain: **C**|**Em** x3 **G**|**D**|**Am** x1

V3:

All he needs is a little love
And a cup of tea to keep him warm
But sure as day we all walk past
Weâ€™ll never notice when heâ€™s gone

V4:

He was once a bright young boy
With the whole world at his feet
But circumstance has let him down
And now heâ€™s on the street

V5:

C **Em**
Street life isnâ€™t easy
C **Em**
Itâ€™s no fun being all alone
C **Em**
We should think of that when weâ€™re walking past
G **D** **Am**

And heâ€™s lying cold as stone

Refrain to fade
