City Lights

Intro: **Am F C G** (x2)

Am **F**
If you could see me, I would thank you,
C **G**
Cause I can't see anything you see through
Am **F**
I can't look straight and I can't believe
C **G**
That the heaters not a burning just a bad dream
Am **F**
I could fake france, so you think I'm in
C **G**
I could play it off, as life is playing out my sins
Am **F**
But I come on like a traitor fool?
C **G**
When all I really want is something real from you

Am **F** **C** **G**
Life keeps on moving even when my heart has stopped
Am **F** **C** **G**
This world keeps spinning even when your love has left my heart
Am **F** **C** **G**
Time's not affected when you decide to just be still
Am **F** **C** **G**
My thoughts are holding me against my will

Am **F** **C** **G**
Sky lines and city lights are all I see as I'm wasting away
Am **F** **C** **G**
You came into my life only to waste it away
Am **F** **C** **G**
Sky lines and city lights are all I see as I'm wasting away
Am **F** **C**
I need the city to remind me
G
There is life out there surviving

Can you check me? Can I rank you?
Can we stir up an emotion I can break through
On a twelfth floor, in a dark room
There's no living when you look from my window view

Do it just as is, cause when no one plays
I win from millions so we live inside this crazy space
Do we want more or hate change
Am I wasting all my time wasting all my pain

Life keeps ya moving even when you wanna stop
This world keeps spinning even when you have left my heart
I hear the people move when nothing is moving
I see the city sleep but nothing is soothing me

Chorus: **Am F C G**

Sky lines and city lights are all I see as I m wasting away
You came into my life only to waste it away
Sky lines and city lights are all I see as I m wasting away
I need the city to remind me
There is life out there surviving (x2)
