Everyone around me has got me thinking

That everything I do isn't enough

But I think to myself this is not what I wanted
Am **C** **G**
To do with my life is it even important

Am **C** **G**
So I'll push everything out of my head
Am **C** **G**
The voices inside that tell me I can't

I don't know where to go

That can't stop me now
Am
It's all up to me
C **G**
Yea it's all up to me

Nobody really understands

People telling me what to do

When really it is so insincere

But I think to myself this is not what I wanted
Am **C** **G**
