MOON

INTRO: C#m-A-E-B

C#m                                 A                                 E  
          You stare    I caught your eyes

          B  
I see what youre looking at

          C#m                                 A  
It s fixed on someone

E   B  
          Sun is shining in your face

F#m   G#m  
          could you take rest looking at the galaxy

Chorus:

A   B                                 C#m  
          Why do you need to look for a

A  
          bright star

B   G#m  
          when it shines like melting your eyes

A                                 B   C#m  
Veins are relaxed when you turn that

A                                 B   G#m  
          eyes to the moon, to the moon

instrumentals/SOLO:

- A, Eb-E
- B, C#m-B
- A E
- C#m A E B

BRIDGE:

C#m   A  
          humble is the moon

          E  
the only light you can sight

**B**

when trapped in devoid

(CHORUS)

OUTRO:

**A B (2x)**

**G#m-A**

**E**
