SONG - AND I WANTED WHAT S BEST

C **A#**
Near life at the back of my mind
C **A#**
Black hole, I still can t find
G **G#** **F**
I wonder what becomes of every choice
C **A#**
New light, a friend I need
C **A#**
Everybody see, everybody see
G **G#** **F**
Then the day will never get to meet.

C
I wanted what s best
G#maj7
And I wanted what s best
G#
And I wanted what s best
Fm9
And I wanted what s best

And I

[x4]

C **A#**
Fridge light stares in my eyes
C **A#**
Take a long drive, leave it all behind
G **G#** **F**
The new life like the one you had before
C **A#**
Take a wrong thing and do the right one
C **A#**
What s the point if you ll never here for long
G **G#** **F**
Imagine everyone you could become.
