Tired  
=====

By PET the music

**Gm**                **Gmmaj7**        **Cm**                **Cmmaj7**  
Sometimes I pretend Iâ€™m some one else  
**Gm**                **Gmmaj7**                **Cm**                **Cmmaj7**  
Sometimes I get tired of me  
**Gm**                **Gmmaj7**                                                **Cm**                **Cmmaj7**  
Happy at a distance while Iâ€™m staring at a mirror  
**Gm**                                **Gmmaj7**                **Cm**                **Cmmaj7**  
Is this the right way to act or be?

**Am7**        **Cmaj7**                                **Am7**  
I canâ€™t laugh when I feel like crying  
              **Cmaj7**                                **Am7**  
I wanna live when I feel like dying  
              **Cmaj7**                                **Am7**        **Cmaj7**  
Is it normal to feel this way?  
                                                      **Gm**                **Gmmaj7** **Cm**                                **Cmmaj7**  
I just donâ€™t wanna be me

**Gm**                **Gmmaj7** **Cm**                                **Cmmaj7**  
Sometimes I fade turning blue  
**Gm**                **Gmmaj7**                                **Cm**                **Cmmaj7**  
Another day walks through the door  
**Gm**                **Gmmaj7**                                                **Cm**                **Cmmaj7**  
Lonely in a cloud of strange familiar crying faces  
**Gm**                **Gmmaj7**                **Cm**                **Cmmaj7**  
Have I met you here before?

**Am7**        **Cmaj7**                                **Am7**  
I canâ€™t laugh when I feel like crying  
              **Cmaj7**                                **Am7**
