Seeking His face together we sing

And here in this place the Spirit of God

Sets our hearts ablaze, turns our minds to the cross

And all together we rejoice for the curtain has been torn

And as we lift our voice here in the presence of the Lord

**F#5**

**C#5**

We all, we all fall down at the throne

**B5**

We all bow down to the King

**C#5**

We all fall down at the throne

**F#5**

We all bow down to the King

And here in this place we all are one  
Every color and race, every tribe, every tongue  
And here in this place the broken and bruised,  
The hurt and ashamed are being made new

That is wholly devoted to You
