C
I was tired and now I m bound;
C
My head is off the ground.
C
For a long time was so weary;
C
Tired of sound, I ve heard before;
C   **Em**
Knowing of the nighttime at the door;
                          D
Haunted by the things I ve been, yeah;
Em   **D**
Stuck between the burning light and the dusty shade.

C   **Cadd9**
Said I, used to think the past was dead and gone;
C
I was wrong, so wrong.
Cadd9
Whatever makes a flower must make you strong, make you strong, yeah.
C   **Em**
At my time I ve melted into many forms;
C
From the day that I was born, oh.
C
But I know there s no place to hide;

```
C                                              D
Stuck between the burning shade and the faded light.

C
Yes and you;
C
Yeah, you ve walked these lonely streets that people ascend, people ascend.
C
There are some fools that just count in and I do pretend;
C                                           Em
And I m free from all the things that saved my friend;
                         D
And I was there until the end, yeah.
                       Em
I know I can take the moon;
                       D
Stuck between the burning shade and the faded light.
C                                 Em              C
