Basically

VERSE AND CHORUS: **E A B E**  
PRE-CHORUS: **C#m A E E**

**E A B E**  
You got a PokÃ©mon shirt and some ripped blue jeans  
**E A**  
You got spaces in your ears  
**B E**  
Youâ€™re the cutest thing Iâ€™ve ever seen  
**E A B E**  
I love the way talk to me like your best friend  
**E A B E**  
And the way you love every minute of the time we spend

**C#m**  
But Iâ€™m shy,  
**A**  
And thereâ€™s nothing you can do  
**E**  
I want you to be mine  
**E C#m A**  
But I can barely even look into your eyes when we talk  
**B B**  
About the weather and the days gone by

**E A**  
Apple of my eye  
**B E**  
Can I pick you off the tree?  
**E A B E**  
You know that you donâ€™t have to try to be the cutest thing Iâ€™ve ever seen  
**E A B E**  
And every time you smile at me and say hello  
**E A B E**  
All of the butterflies and fuzzy feelings overflow  
**E A B E**  
Iâ€™ve had my hands in my pocket for far too long  
**E A B E**  
So baby letâ€™s connect our fingers and weâ€™ll go for a walk  
**E A B E**

Down to the spot where the clover and the roses grow  
E A B E  
Bring a blanket, have a picnic and youâ€™ll get to know

C#m  
That Iâ€™m shy,  
A  
And thereâ€™s nothing you can do

E  
I want you to be mine  
E C#m A  
But I can barely even look into your eyes when we talk  
B B  
About the weather and the days gone by

E A  
Apple of my eye  
B A  
Can I pick you off the tree?  
E A B E  
You know that you donâ€™t have to try to be the cutest thing Iâ€™ve ever seen
