I want you to know

By: Scott Fehr

Verse 1

Close your eyes

Now breathe in deep

Open your heart

There's no time for sleep

These are the words

That I'm trying to say

Oh these aren't lies

Maybe they can make you stay

In the morning

When the sun breaks the night

I don't want to be alone

Because it doesn't feel right

I want you here

I wanna hold you tight

Never let you go

If that sounds alright

Chorus

I want you to know that

With every kiss and ever touch you make me fall in love

And now I want to be in this moment

For the rest of our lives

I will love you until the day that I die|until the day that I die

Verse 2

Hold me close

Don't say goodnight

We have time

Everything's alright

I'll hold you near

We can talk real low

Because tonight

The worlds moving so slow

In the morning

When the sun breaks the night

I don't want to be alone

Because it doesn't feel right
I want you here
I wanna hold you tight
Never let you go
If that sounds alright

Chorus

I want you to know that
With every kiss and ever touch you make me fall in love
And now I want to be in this moment
For the rest of our lives
I will love you until the day that I die
