

Scott Reed And Dana Childs - Hey Mr Stiles  
Misc Unsigned Bands

(to the tune of Hey There Delilah)

Verse 1:

**C** **Em**  
Hey, Mr. Stiles, what s it like in sociology?  
**C** **Em** **Am**  
I m a room away, but it seems so much farther to me.  
**F** **G** **Am** **G**  
Mr. V. may teach the AP, but you have sociology  
**C** **Em**  
Hey, Mr. Stiles, don t you worry about discussion;  
**C** **Em** **Am**  
Some of the kids are just plain lazy, but one has a concussion, yea it s true,  
**F** **G** **Am** **G**  
But that s not a good enough excuse, not for you.

Chorus:

**C** **Am** **C** **Am**  
Oh it s sociology, oh it s sociology  
**C** **Am** **C** **Am**  
Oh it s sociology, oh it s sociology  
**C**  
It s sociology.

Verse 2:

**C** **Em**  
Hey, Mr. Stiles, I know some grades are pretty bad,  
**C** **Em**  
**Am**  
But just believe me sir, some day, in May, when we re gone you will feel sad, at  
least you should,  
**F** **G** **Am**  
But I guess you ll have another free period  
**G**  
And that is good.  
**C** **Em**  
Hey, Mr. Stiles, I ve got so much left to say,  
**C** **Em** **Am**  
But, unfortunately, there s always a wall in the way; we ll tear it down,  
**F** **G** **Am**  
History class will be full of sound,  
**G**  
when we re around.
