Speakeasy - Wildfire

Capo 8.

**G C F**  
Just a simple forest ranger  
**G C F**  
looking out, that s what I do  
**G C F**  
try to keep it safe from danger  
**G C F**  
all alone I share this view

This forest is my fortress  
this is where I m safe and sound  
even though there s more outside it  
I don t care, it s where I m bound

**Am G F**  
Wildfire! smoke runs through the trees  
**Am G F**  
Wildfire! I ll fight it with these Two  
**G Am G Dm7**  
hands of mine, like I always do  
**G7**  
hey! get away with you

Oh, sometimes it makes me wonder  
As I chase away her flames  
I feel drowned and torn asunder  
by this fire, and all it claims

**Am G F**  
Wildfire! smoke runs through the trees  
**Am G F**  
Wildfire! I ll fight it with these Two  
**G Am G Dm7**  
hands of mine, like I always do  
**G7**  
hey! get away with you

I m alone among her remnants,  
But embers hide, all still alive  
and my home is left in ruins  
But the wounds will heal with time

**Am G F**

Wildfire! smoke runs through the trees

**Am G F**

Wildfire! I ll fight it with these Two

**G Am G Dm7**

hands of mine, like I always do

**G7**

hey! get away with you

Like I always do,

get away with you 3X

End on **C**
