

St Adaltes Church - Far Greater
Misc Unsigned Bands

We sang this on Forum Midlands and realised there was no music or lyrics for it anywhere, so I've done my best to transcribe it. I've transcribed in capo 9 (yeah, stupid I know!) because it made it easier for me to find the chords quickly, but it's in the key of E, and I've included the actual chords below. If you can play it with a couple of guitars try playing one at capo 9 and one at capo 2 or open - might sound nice! Remember you can change the capo fret above! ^

I've re-submitted the chords as I realised you can't use the transpose tool on a tab. Oops!
