

Steven Georgiou - Ordinary Day
Misc Unsigned Bands

Intro **C G Am**

Verse 1

Today seems like an ordinary day
But without you it's a wasted day
My whole life I've been living in the shadows
But when you came into my life

Chorus **F G C Am**

Everything changed like a spark came and lightened my world
I've never seen the world like this before
How beautiful/wonderful the world could be

Verse 2

You cast a light in the middle of the shadows
Everything has brightened up
Sometimes you'll see me smiling for no reason
And it's all because of you

Chorus

Ending:

No one ever changed my world like you before
Because of your charming positivity that made me love you more
I can say that you're the best thing that ever happened to me
