C G  
Man you dug into my heart

Buried yourself and I can t even start  
 To say how much I wanna keep you there  
 And never let you go

Sometimes you leave  
 and just want to go  
 And I m like doesn t she know  
 That I love her more than anyone can show  
 And if she disappears I d be all on my own

Man you dug into my heart  
 Buried yourself and I can t even start  
 To say how much I wanna keep you there  
 And never let you go

Just don t leave  
 And I ll be there  
 All ways next to you  
 Yes I ll be there  
 Lying next to you
