

**Take Me To The Pilot - Green Eyes**  
**Misc Unsigned Bands**

(G Em C)

(Verse 1)

G Em  
Whereâ€™ve you been?  
C G Em  
Iâ€™ve been waiting here a while  
G Em C  
Seems like a thousand years since I last saw your green eyes smile  
G Em C  
Close the door, itâ€™s cold  
G Em C  
This frozen summerâ€™s getting old  
G Em C  
Just come in and let me warm you for a while  
G Em C  
You look like youâ€™ve been crying, but dear thereâ€™s nothing to cry about  
G Em C  
Just come in, I ll wipe the teardrops from your cheek  
G Em C  
Let me whisper in your ear, Iâ€™ll sing this song till youâ€™re asleep  
G Em C  
Because tonight, well itâ€™s only you and me

(CHORUS)

G Em C  
â€™Cause when you get lost you know Iâ€™ll find you  
G Em C  
And when youâ€™re feeling all alone, just look behind you  
G Em C  
Iâ€™ll pick you up when you collapse and in my arms Iâ€™ll bring you back  
G Em C  
My love I swear Iâ€™ll always be your second chance

(Same as Verse 1)

Here we are  
On the same old road again  
Weâ€™ll take the chance that is together, the chance we took since  
god-knows-when  
Weâ€™ll melt into tonight  
And as the time rolls by  
Well I swear Iâ€™ll love you till I die

(CHORUS)

â€˜Cause when you get lost you know Iâ€™ll find you  
And when youâ€™re feeling all alone, just look behind you  
I'll pick you up when you collapse and in my arms Iâ€™ll bring you back  
My love I swear I'll always be your second chance

(Same as Verse 1)

It's the little things, the ones you love, the moments you would die without  
The simple pleasures: a hand to hold, two lips to kiss as you get old  
Take me back to the bitter cold, when I kissed you in front of the fourth-floor  
windows  
And we fell, am I still falling?

(CHORUS)

â€˜Cause when you get lost you know Iâ€™ll find you  
And when youâ€™re feeling all alone, just look behind you  
Iâ€™ll pick you up when you collapse and in my arms Iâ€™ll bring you back  
My love I swear Iâ€™ll always be your second chance
