My friend said cheer up, it was high time

**A**

But can t you see I m lovesick?

**Bm**

I need a cure so bring it real quick

**E**

This time I m fearing heartbreak

**A**

Look at the time, it s almost daybreak

**A**

**Bm**

**A**

Am I wild, wild, wild, wild, wild?

**A**

Oh, I am most dissatisfied

**Bm**

You can tell this looking in my eyes

**A**

She looks like a lovely piece of art

**Bm**

But pills plus miles tear us apart

**A Bm**

Oh, oh, oh, oh

I took myself out walking

By the evening I was running

I hadn't done this for a long while

My friend said cheer up, it was high time

But can't you see I'm lovesick?

I need a cure so bring it real quick

This time I'm fearing heartbreak

Look at the time, it's almost daybreak

Oh, I don't want to settle down

I don't want to leave this town

I'm feeling lost and found

Am I wild, wild, wild, wild, wild?

Am I wild, wild, wild, wild, wild?

Aren't we wild, wild, wild, wild, wild?
