Tenor7 - have you ever

This is a song I wrote, I just put the chords where the beat is, other than
that, you can play around with them and make your own rhythm. The first chord
is on beat one, and the lyrics start on beat two. I donâ€™t know what the first
chord it called so I called it EC, I couldnâ€™t find it in my chord directory.

```
        EC
-       - 0 - -
-       - 3 - -
-       - 0 - -
-       - 2 - -
-       - 3 - -
-       - 0 - -
```

Intro: EC x4, **Em** x4

```
EC            EC        EC        EC        Em           Em         Em
     Have you ever woken up in the light of darkness and not know where
   Em          EC          EC   EC    EC      Em    Em  Em   Em
 you are until you realize youâ€™re in the safety of your room?
```

Repeat this twice

Chorus:

```
     G     G        G        G       D  D        D       D
Well I have and you know itâ€™s not very fun, when you know itâ€™s not a
EC EC        EC         EC    Em  Em         Em      Em    G  G
pun, when your friends are not around, and your familyâ€™s out of town,
        G      G   D   D    D      D       EC  EC
and the children are asleep, and nothing makes a peep, and youâ€™re
EC        EC      Em Em    EC     EC   EC   EC
scared out of you mind, well I have.
```

Verse two(same chording as verse one)

Have you ever walked to the basement in the middle of a thunder storm when the
powerâ€™s out, and the candles are nowhere to be found?

These are the only verses I have, the bridge is the same as the chorus, so if
you like it, and if you actually played it without knowing what it sounds like,
you can e-mail me at Svenjob2000@hotmail.com, thanks a lot. Oh, and if you ever
find out the name of that chord, Iâ€™d like to know, thanks.
