

The Hope Fallacy - Behind Closed Doors
Misc Unsigned Bands

(Verse)

D
Letâ€™s pick up where we left off- was it something like

Bm **A**
I didnâ€™t see this coming, but now that itâ€™s here I fear

D
Iâ€™ll wake up and see that it was

Bm **A**
All just a dream, Iâ€™m where I want to be

(Prechorus)

G
You mean the world to me and Iâ€™m thinking that this could be

A
love, maybe more along the lines ofâ€¦

(Chorus1)

D **G** **A**
I hope you choke on the very next breath that you take

D **G** **A**
Drop dead at his feet; lipstick on his cheek

Bm
Says every time I turned my back you were on yours,

A
Hidden behind closed doors

(Verse)

D
So letâ€™s make up for the time lost, an explanationâ€™s all Iâ€™m

Bm **A**
Asking for, although I wouldnâ€™t expect much more

D
Than a sorry excuse for

Bm **A**
An apology; to hell with you, you made a fool of me

G **A**
And finally Iâ€™ve opened my eyes- Iâ€™ve taken time to realize

G
Iâ€™m not the only one spending nights in your bed

A
And Iâ€™m not the only one filling thoughts in your head

(Chorus1)

D **G** **A**
I hope you choke on the very next breath that you take
D **G** **A**
Drop dead at his feet; lipstick on his cheek
Bm
Says every time I turned my back you were on yours,
A
Hidden behind closed doors

(Chorus2)

D
And this is how we go, we go, we go
A
Cuz this is all you know, you know, you know
Bm
And every time I turned my back you were on yours
A
I turned my back you were on yours

(Bridge)

G
A storybook ending for this summer romance never had a fighting chance
A
Forget about a second chance at a first impression
G
Maybe more along the lines of losing trust and giving up
A
The empty bottle plea isn't gonna work on me anymore
Bm **A**
I caught onto you, I caught onto you
Now with my fingers crossed I'm singing..

(repeat chorus1)

(repeat chorus2)

END
