Verse 1

Hey girl - I knew it wasn't long
Until my thoughts became this song " and hey
It's okay - Cos I'm making my mark
Gonna try to keep my spark today
Oh yeah - Gotta listen to the beat
Not the words on the street"|

Chorus

Cos it's there
You know
Better keep your eyes right on the goal
Just stop"|
And recall"|
Is there anything new
That you said that you would do today?

Verse 2

So what " If the label on my stuff
Never cost me quite enough " so what
It's okay " Cos I'm making my mark
Gonna try to keep my spark today
So yeah " It was the look in your eyes
That turned my head as you went by"|

Chorus

You know
You make me wanna go with your flow
Donâ€™t stopâ€|
Go onâ€|
Is there anyone there
That you know that you want here today?

Verse 3

Well alright - Got to work it through the day
So at night I get to play â€" hey girl
Itâ€™s okay â€" Letâ€™s get another round
For a penny or a pound tonight
So what â€" If tomorrow never comes
Cos tonight Iâ€™m on the rumsâ€|

Chorus

Itâ€™s now
You know
Drop the ice in with the flow
Donâ€™t sleepâ€|
Stay upâ€|
We can talk under the stars
And the night will shake our lives â€" hey girl
