Verse 1

Standing at the bar on a Saturday night
Someone wants a fight and I know that I'm up for it
Ten pints of lager and I'm feeling alright
Unemployed and gutted and my life's going nowhere

Chorus

Life's going nowhere
Life's going nowhere
Life's going nowhere
Life's going nowhere

Verse 2

Wake up Sunday morning smell of beer in the air
Read the Sunday papers to make sense of this crazy world
I'm one of life's good guys but somewhere it went wrong
Society has trapped me and my life's going nowhere

Chorus

Verse 3

Another Monday morning the job centre calls me
A Woman tells me about lots of job opportunities
From the mundane to the boring feels like my hands are tied
Iâ€™m an educated man and my lifeâ€™s going nowhere

Chorus

Verse 4

I did everything right from the start up to now
Got an education even went University
But now I swim in debt I donâ€™t know which way to turn
Iâ€™m screaming for some help coz my lifeâ€™s going nowhere

Chorus

Verse 5

Going nowhere, going nowhere, going nowhereâ€|
Going nowhere, going nowhere, going nowhereâ€|
Going nowhere, going nowhere, going nowhereâ€|
Going nowhere, going nowhere, lifeâ€™s going nowhereâ€|
