The Lamms " The Drifter

Verses

Am

Chorus

F	Am	G	
F	Am	G	
F	Am	G	A

Verse 1

Pedal down - cruise along
Radio transmits this song
Dusty road - burning sky
Bleeding all my memories dry
Heavy load - ride alone
Solitary to the bone
Passing through - moving on
Moving like a rolling stone

Chorus

Drifting on and on
Destination home
Miles and miles alone
Looking for someone

Verse 2

Desert road - endless skies
Twisting turning countless miles
Slow it down - let em through
The road is big enough for two
Speed it up - shut em out
Pedal down - scream and shout
Maybe this guy wants to die
Maybe I just might oblige

Chorus

Verse 3

Push the break - make me stop
Pull in to the parking lot
Take a drag - cigarette
Sucking life with every breath
Watch the world - drift on by
Coffee black for caffeine high
Memories - gathering
Have a beer and let them in

Chorus

Verse 4

She was once - a dreamer too
Life was good and future too
She fell in - love fell out
Future plans were messed about
Now she serves passers by
Pouring coffee with a smile
Many nights - she would cry
Hoping she might meet a guy

Chorus

Verse 5

Sitting there - for a while
She walks over - gives a smile
Coffee refill - for the road
Drifters heart nearly explodes
Suddenly - something changed
Lives begin to rearrange
Shift is up - eyes the clock
She sits down - eyes are locked

Final Chorus

Drifting for so long
Destination home
Miles and miles alone

Found someone
Found my home
Found my home
