Verse 1

What you see aint what you get and-  
How you feel is-  
Lost in the trans-a-lation  
Where you go and who you see is-  
Nothing more than an-  
Answer to isolation  
Why you choose the path you do-  
Is nothing more than-  
Idle speculation  
How you fail to admit the truth-  
Is how your in your  
Present situation

Chorus

You should listen  
For a second  
See the sense in  
What your wanting

Verse 2

What you said the other night was-  
Some way short of a-  
Decent revelation  
When you saw the next best thing-  
Being advertised-

It was your little revolution  
When I see you sitting there-  
I can take a while-  
And take in the situation  
Take a break its getting late  
Youâ€™re the master of your-  
Tendency for devastation

Chorus

Verse 3

I cant take another day of-  
Living in this-  
House of a bad religion  
Something tells me I should find a-  
New and truthful-  
Line of my own enquiry  
This is where I get up and leave Iâ€™m-  
A ghost to you and my-  
Past is a distant memory  
Who knows what the future holds-  
Who knows how we want-  
Want to end this story?
