You see this side of me thatâ€™s seldom seen,

When he puts them to Iâ€™m putting mine to work on you.

So how about we work this out,

Spend our days like the garden wood,

I want to fill my cup, fills yours too,

O I want to celebrate with you!

O I want to celebrate with you!

Verse 3

O I donâ€™t know much about loving someone,

I will give it a try, I will do what I can, I got myself a plan,

Kiss to say good morning; kiss to say good night,

Its not perfect but it sounds alright.
