i ve been walking round the world
collecting every key i see
but we re just no longer who we used to be

i feel so fine
now all the problems are behind
but still i, i m afraid i cannot be your valentine

there re still more in front of me
still lots i wanna see
but not with you
not with you
can you listen to me

hallo goodbye
hallo hallo hallo goodbye
are you gonna come destroy all my fun
are you gonna go leave me in the snow
just stay where you are
don t come close don t go too far

baby listen to me

hallo goodbye
hallo hallo hallo goodbye
i will let you go
i will let you know
love is not a rope
it s more than a hope
forget what i said
turn away and don t look back

love is not a rope
it s more than a hope
all the wounds and pain
will go with the rain
when we meet again
only memories will remain

hallo goodbye goodbye
