I ve got an itch to make myself a little rich. I reckon
                                                           D7
Better hurry up gal and get hitched well now
I don t love him, but his wallet s got good stuffin , so I {\tt m}
Headed for my wedded bliss
Α7
If you ve got the money, honey... I ll give you all my lovin
If I had a nickel every time I told a lie, I d play those
Edison movies all the time, and I d buy
                                                     G7
Things I ain t needin , like that wife of Buster Keaton
                                                  A7
Spend every dime. Is that a crime?
        CHORUS
        Don t blow the whistle on me,
        Don t blow the whistle on me
        Don t blow the whistle on me
        Don t blow the whistle on me
                                                     Е
        I will be your Missus and you can blow me kisses
                                                                A7

My bank is open every day!
        (CHORUS)
