

**The Scraming Teenagers - Warmth**  
**Misc Unsigned Bands**

Verse #1

**A** **D** **A**  
Pulled to the center and thrown to the outside,  
**D** **A** **C**  
People all around you; youâ€™re alone  
**D** **A** **D**  
Creased and crevassed, ripped to the core;  
**D7** **D**  
With every breath worth taking  
**C** **A**  
Crimson rivers wonâ€™t wash the pain away,  
**G**  
This noose wonâ€™t bring a better day,  
**C**  
Broken shards of many fall around you  
(Youâ€™re not alone)  
**D** **G** **A**  
Your tears, call me; that story running down your cheek  
You plead; kill me, end this life

Chorus

**A** **D**  
Grab my hand, and wipe the tears that lie to you, (you are far from alone)  
**G** **D**  
Yesterday may not come, but donâ€™t cut out tomorrow,  
**D** **G**  
Wait for that blinding light; your sorrow we ignite

Verse #2

**G** **A** **D7**  
Scattered fragments of your own, are the only ones around you,  
**C** **D**  
Drowned and beaten by the pain that you have given ground to,  
  
Set this hell alight  
**C**  
Your tears, call me; these streams of red crawl to fingers  
You plead; free me, from this life

Chorus

**A** **D**  
Grab my hand, and wipe the tears that lie to you, (you are far from alone)  
**G** **D**  
Yesterday may not come, but donâ€™t cut out tomorrow,

**D**

Wait for that blinding light; your sorrow we ignite

Outtro

**A**

You will not go this way, Set your sorrow ablaze
