E **C#m**
All our friends keep wondering but they don't know that
F#m **A**
You and I have secret lives yet they don't realize
E **C#m**
When they aren't looking, we keep on kissing, the fun we're having
F#m **A**
Hiding our love from the world is driving me insane .

Chorus:

E **A** **C#m** **B5**
Summer nightfalls with endless dreams
E **A** **C#m** **F#m**
of you and I together always.
E **A** **C#m** **B**
Taking trips and leaving town
E **A** **C#m** **F#m**
Go to a place where there's no one around,
C#m **F#m**
there's no one around...

Verse 2:

E **C#m**
I thank you for all the times when you made me smile.
F#m **A**
No matter what happens now you will always be my pal.
E **C#m**
We run around and cause a ruckus...we can't stop laughing.
F#m **A**
These memories will fill our lives with happiness...

Chorus:

E **A** **C#m** **B5**
Summer nightfalls with endless dreams
E **A** **C#m** **F#m**
of you and I together always.
E **A** **C#m** **B**
Taking trips and leaving town
E **A** **C#m** **F#m**
Go to a place where there's no one around,
C#m **F#m**
there's no one around...
