Mary song by Tyler ward

Am **F** **C**
She let her hair fall down from the side
 G **Am**
As the tears fell on the sheet
 F **C**
She had given more than who she was
 G
To the world

Am **F**
Will you hold her up
 C
Or let her fall
G **Am**
Or stand strong without withering
 F **C**
With just a word I will lift you up
 G **Am**
A word of love can change anything

Am
cause you take away
 F **G**
please take away my pain
Am
and I need this change
 F slide up to **G**
things will never be the same

Am **F** **C**
he looked her in the eye with passion
 G **Am**
he spoke the word that said it all
 F **C**
no matter what you have done I love you
 G **Am**
and ill love you through it all

F
ill hold you up
 C
cause its tearing you down
 G **Am**
some mighty strong flower withering

F C

with just a word I will lift you up

G Am

a word of love can change anything
