

**Understated - Flowers In Her Hair**  
**Misc Unsigned Bands**

Verse 1:

**C#m**    **B**        **E**                **A**  
Uh oh i think she s fallin

**C#m**    **B**                        **E**                **A**  
Why won t anyone save her

**C#m**    **B**                        **E**                **A**  
Uh oh there she goes fallin again

**C#m**                **B**                **E**                **A**  
Please someone save her

Chorus:

**C#m**                **B**                        **E**                **A**  
They said do you need a friend

**C#m**                        **B**                                **E**                        **A**  
She just walked away with a smile on her face

**C#m**                **B**                        **E**                **A**  
They said what s wrong with her

**C#m**                        **B**                                **E**  
Well it s obvious that she is just

**A**                        **C#m**                **B**                **E**                **A**  
An oblivious girl    woah yeah                        x2

Same chords throughout song.

At verse 3 start with E then A then C#m then B and so on...
