

Val Doonican - Elusive Butterfly
Misc Unsigned Bands

I play with a capo on 3 but if you listen to the track you don't have too.

#1.

C Dm
You might wake up some mornin ,
G7 C
To the sound of something moving past your window in the wind.
Dm G7
And if you're quick enough to rise,
Dm G7 C
You'll catch a fleeting glimpse of someone's fading shadow.

CHORUS:

Dm G7 C
Don't be concerned, it will not harm you.
G7 C
It's only me pursuing something I'm not sure of.
Dm G7 C
Across my dream, with nets of wonder,
G7 C
I chase the bright, elusive butterfly of love.

#2.

C Dm
Out on the new horizon,
G7 C
You may see the floating motion of a distant pair of wings.
Dm G7
And if the sleep has left your ears,
Dm G7 C
You might hear footsteps running through an open meadow.

CHORUS:

#3.

C Dm
You might have heard my footsteps,
G7 C
Echo softly in the distance through the canyons of your mind.
Dm G7
I might have even called your name,
Dm G7 C
As I ran searching after something to believe in.

C **Dm**
You might have seen me runnin ,
G7 **C**
Through the long abandoned ruins of the dreams you left behind.
Dm **G7**
If you remember something there
Dm **G7** **C**
That glided past you followed close, by heavy breathing.

CHORUS:

ADD:

Dm **G7** **C**
Across my dream with nets of wonder,
G7 **C**
I chase the bright elusive butterfly of love.(x2)Fade.
