The timing for each exact chord switch may not be exact but generally from what I ve seen this is how he plays it.

INTRO with piano playing under guitar

VERSES

Am C F Am
see you re rotting again my friend
C F G
seems that nothing you do ever ends
Am F G
up the way you hoped it would
Am G
and that s well understood

Am C F Am
at the picnic we re all just ants
C F G
each with a long list of plans
Am F G
til that giant foot hits the ground
Am G
and squashes us down

SAME AS VERSE 1

so we walk to our favorite bar
watch the black haired girl play guitar
strumming the saddest songs I ve heard

someone who shares my lack of direction
