Misc Unsigned Bands

No Capo

C **Am**
Maybe if I told you lies, then you wouldn't break my heart
C **Am**
Oh yes, you know I've found your reason
C **Am**
Maybe if I criticized and tore myself apart
C **Am**
I'd give you something to believe in
G **F**
And my intentions never good enough for you
G **F** **G**
Frustration is your gift to me

C **Am**
Maybe if I synchronized my mind along with yours
C **Am**
You'd find me better to be around
C **Am**
Maybe if I shined your shoes and polished all your floors
C **Am**
I'd know you'd never leave the ground
G **F**
And your reaction never fails to let me down
G **F** **G**
Frustration is your gift to me (but)

(Chorus)

C **Am**
I'm searching for a way to make my frustration my power
C **Am**
I'm searching for a way to make it up your ivory tower
G **F**
And I know, you won't receive me
G **F**
And I know, you won't believe me
G **F**
And I know, that you don't need me
G **F** **C**
But in time, I won't need you to

C **Am**
Maybe if I said the things I know you'd like to hear

C **Am**
You wouldn't be so quick to leave

C **Am**
Maybe if I didn't try so hard to keep you near

C **Am**
You'd have no reason to deceive

G **F**
And your conviction's not enough to weigh you down

G **F** **G**
Your power now, is much too strong (but)

(Chorus)2X
