Translation

(La La La...)

I can't say things that I don't feel  
And I'm bad at explaining myself  
That's how it is  
That's how it is

I don't draw my sword easily  
So other than show my careless smile  
I can't become anything  
I can't become anything

In that place, at that time, I was always sincere  
However alongside what's deep in my heart  
Is the opposite

The opposite...
