[Intro]

C, F, G,

[Verse]

C **F**
Midnight on a country road,
C **G**
She pulled into an empty field,
C **F**
The wicked moon was shining high,
C **G**
The air was sweet magnolia,
C **F**
The grass was wet with an icy dew,
C **G** **Am** **F** **G**
Perfect for a long goodbye.

[Chorus]

Am
â€˜Cause she buried her love,
F
Oh she buried her love,
G **C**
She buried her love in a shallow grave,
Am
â€˜Cause she buried her love,
F
She buried her love,
G **F** **G** **Am** **F** **G** **C**
She buried her love in a shallow grave,

[Verse]

F
Boot prints on bleeding heart,
C **G**
Fist around a rusty blade,
C **F**
A smile and a bloodshot eye,

C **G**
She filled the tank and made her run,
C **F**
I can't tell you where she's gone,
C **G** **Am** **F** **G**
Since I made my long goodbye.

[Chorus]

Am
'Cause she buried her love,
F
Oh she buried her love,
G **C**
She buried her love in a shallow grave,
Am
Oh she buried her love,

She buried her love,

She buried her love in a shallow grave,

[Verse]

I sleep now in a frozen bed,
C **G**
My limbs are slack my fire is out,
C **F**
Nevermore to see the sky,
C **G**
But even now I love her still,
C **F**
I miss her like I never did,
C **G** **Am** **F** **G**
Before I made my long goodbye.
