Loki's Tricks (Aly's Song)

[Verse]

G **Bm**
All the chords lie on your body
A7 **D**
I hear all of David's Praise
G **Bm**
Wrapped up in cords, your demise
A7 **D**
Your Beauty isn't Phased
G **Bm**
I heard your voice inside of me
A7 **D**
The night before I met your lips
G **Bm**
My Reflection, my image
A7 **D**
Fell for Loki's tricks

[Chorus]

G **D**
What is the truth
C **D**
When so many lies distort
G **D**
Your wisest silence
C **D**
Is your strongest Retort
G **D**
I won't let you buy me
C **D**
I won't let you take control
G **D**
You tried to buy every part of me
C **D** **G**
But I ran away, with just a soul
G Bm A7 D
Just a soul

[Verse]

G **Bm** **A7** **D**
Ignited cars burn down, to a cinder, my darling
G **Bm** **A7** **D**
I will never run from you, I will never hinder
G **Bm** **A7** **D**
You were never perfect, but destined to defy
