

**Bumy Goldson - River Mountain**  
**Misc Your Songs**

Studio version - <https://bumygoldson.bandcamp.com/track/river-mountain>

[Verse 1]

**Bm** **D**  
Well, weâ€™ve come so far  
**Em** **F#m**  
Down the river, after stars  
**Bm** **Em**  
The luring mountain now so tall  
**Am** **D**  
How we wonder if it was worth it all

[Bridge 1]

**N.C.** **Bm** **Am**  
Years flow down hills and valleys  
**G** **Am**  
Around trees and under logs  
**Em** **G** **Em**  
Our boat has changed many times  
**D**  
While searching among the stars

[Chorus 1]

**D** **Am** **C**  
Our crew has changed many times  
**Am** **F#m**  
With those who seek with us  
**G**  
While some have gone  
**Am** **D**  
And some are still to come  
**Em**  
We know, at least we trust

[Verse 2]

**Bm** **D**  
Now we face the door  
**Em** **F#m**  
Now across we trace the floor  
**Bm** **Em**  
How we behold this precious gem  
**Am** **D**  
Like we once did and hoped weâ€™d feel again

[Bridge 2]

**N.C.** **Bm**  
Tears flow down

**Am**  
Cheeks and landing  
**G** **Am**  
On the pages we find here  
**Em** **G** **Em**  
To think how far we have come  
**D**  
And what stayed from all the years

[Chorus 2]

**D** **Am** **C**  
On the mountaintop we stand  
**Am** **F#m**  
The wind recalls it all  
**G**  
We sketch our path  
**Am** **D**  
Back to the start when we  
**Em**  
Hoped we would stand this tall
