

**Darren - Time For Me To Leave**  
**Misc Your Songs**

This is a song that I wrote a year or so ago and thought that I would share it with you!  
Obviously you have no idea of the tune so I will write in the lyrics and chords for you  
to do as you please! Generous huh.

**Dm**  
Pushing through this place I know,  
**Am**  
Without you its been hard to grow,  
**C** **G**  
Your love still weighs so heavy on my heart,  
**Dm**  
To think that you ve been moving on,  
**Am**  
Your happy now our love has gone,  
**C** **G**  
Just makes me wanna fall apart,

BRIDGE-  
**Em**  
And Im lonely sitting here,  
**C**  
Why its overs still not clear,

CHORUS-  
**G**  
The more I look at you,  
**D**  
The more Im wanting to,  
**Em** **C**  
Just hold your hand and make you safe,  
**G**  
But when you look at me,  
**D**  
You dont see what I see,  
**C**  
So now its time for me to leave.

Have some fun with it!!!! I did!
