

David Williams - Paradise Lost  
Misc Your Songs

[Verse 1]

He was paradise like the mist of an ocean breeze at sea, he prayed  
As his chains had pulled him to heaven I cried, day and night, Iâ€™d close my eyes  
And his arms I would remain til I expired, but clocks expire and I awake  
Over me is where I belong, as the rain washed the peace that Iâ€™d known away  
And it changed me, is chaos mean to shape me  
Broken Down

[Chorus 1]

I loved that man to death and when God laid him to rest  
The fire died inside me, frosted over my chest  
And it changed me deep inside, frozen tears fall from my eyes  
I gave into the darkness after he went to the light  
And sometimes in this life I see it all go  
And though broken inside I make sure that I know  
Nothing bad will last forever even though  
I lost my paradise.

[Verse 2]

After paradise, I roamed aimless in my mind alone, disowned  
I tried to let my mind speak freely, And though told to be myself, they wanted something else  
At times I had been played the fool, thought I broke the rules, but if I play I lose, so really whatâ€™s the use  
To send my heart to test the waters, and not recover, so I put up my walls, and to think I thought

The world was getting drier, as the water rose higher, I drowned

[Chorus 2]

**Em** **D**  
and so I gave up on the world because the world gave up on me  
**C** **D** **B7**  
I had nowhere to go, at least that's how it seemed  
**Em** **D**  
And when my sorrow had run dry, with no more tears for me to cry  
**C** **D** **B7**  
I built a wall around me so, no pain could get inside  
**Am** **Em** **B7** **Em**  
And sometimes in this life I see it all go  
**Am** **Em** **B7** **Em**  
And though broken inside I make sure that I know  
**Am** **Em** **B7** **Em**  
Nothing bad will last forever even though  
**Em Bm B7 B7** **Emadd9**  
I lost my paradise.

[Verse 3]

**Emadd9** **B7**  
Newfound paradise, like a soft smile on a baby's face, my heart and my  
mind's an open space  
**Emadd9** **B7**  
And amid the emptiness a melody, called out and to me, it was exactly what I  
needed  
**Emadd9** **B7**  
And then I found love within my strings, now the pain of my past moves hearts as  
I rise to sing  
**Am** **Em** **B7**  
**Em E E7**  
My music came to be, the reason for my quest for peace, my heart plays  
symphonies, now  
**Am** **Em** **D Dsus2 D Esus4 Em**  
My life has been renewed, and I will see through, clearer skies

[Chorus 3]

**Em** **D**  
And when the light shone through the haze, I felt my darker days  
**C** **D** **B7**  
Quickly recede behind me, and that is where they'd stay  
**Em** **D**  
And soon followed the peace, existing through the least  
**C** **D** **B7**  
Likely of the avenues, now I feel so relieved

[Outro]

**Am** **Em** **B7** **Em**  
And sometimes in this life I see it all go  
**Am** **Em** **B7** **Em**  
And though broken inside I make sure that I know  
**Am** **Em** **B7** **Em**

Nothing bad will last forever even though

**Em Bm B7 B7 Emadd9**

I lost my paradise.
