[Intro]

F C E7 Am
F C Dm E

[Verse]

Am **E7**
Million voices screaming out for love,
G **D**
In a place full of disaster,
F **C**
Hungering eyes spread out in the dark,
E **D**
Looking for some answers.

Am **E7**
Once left to parish in decay,
G **D**
A naked soul arose from the ashes,
F **C**
His look speaks of sweet despair,
Dm **E**
As he s cursed to be a blind man.

[Chorus]

F **C**
Eyes have killed, and they still do,
E7 **Am**
The love that s meant to bind us,
F **C**
Damned in blindness, we try to seek,
Dm **E**
Feelings lost in ever after.

[Verse]

Am **E7**
He fights his demons, he bleeds in gray,
G **D**
He endures the pain, he struggles,
F **C**
Years and years for something new,

E **D**
A good excuse for his actions.

Am **E7**
If only sight he could have,
G **D**
His soul would be redeemed,
F **C**
Unchained from the curse he has,
Dm **E**
A blind man he ll no longer be.

[Chorus]
F **C**
Eyes have killed, and they still do,
E7 **Am**
The love that s meant to bind us,
F **C**
Damned in blindness, we try to seek,
Dm **E**
Feelings lost in ever after.

[Verse]
Am **E7**
At the end of this long road,
G **D**
He came with an answer,
F **C**
The dreadful curse for one not to see,
E **D**
Was cast all by himself.

Am **E7**
Drown in guilt, suffocating shame,
G **D**
The blind man gets on his knees,
F **C**
Can he mend the damage done,
Dm **E**
Or will he live in agony?
