[Verse 3]

Em D Em C

I wish a hand could catch the string; Gently bring me back.  
Just a hand to guide me down, My heart - don t let it crack.  
I belong to the here and now, Not drifting somewhere else.  
I belong with you my friend, Back in time I can t dwell.

[Chorus]

Like a kite above the clouds, With no hand to hold,  
No string to tie it to the ground, It s flight so uncontrolled,  
It s flight so uncontrolled

[Chorus]

Catch the string and don t let go, Your strength is against the wind.  
Hold the string and don t let go, And I will be your friend.  
And I will be your friend.

[Outro]

And I will be  
Your friend
