Song: Social Media Girl | Written by: Kevin van Arkel (CAPO 4)

[Intro]

**G Em C D**

[Bridge]

**G**

I will never let you down.

**Em**

I will never make you cry.

**C**

I know it hurts a lot.

**D**

Please girl just be mine.

[Interlude]

**G Em C D**

[Verse 1]

**G**

The first day that I met you,

**Em**

You were very sweet.

**C**

We talked and talked for hours,

**D**

And you turned up the heat.

**G**

Next morning I was happy,

**Em**

I got a brand new text.

**C**

Was it you or just someone,

**D**

But I didnâ€™t dare to check.

[Chorus]

**G**

**Em**

If the guts wouldnâ€™t lack me, I had already asked her out,

**C**

**D**

And I would kiss her, yeah kiss her.

**G**

**Em**

If she only just knew that I did write this song about her,

**C**

**D**

She would date me, or block me.

[Verse 2]

**G**

Your hair is long and beautiful.

**Em**

Your eyes are pretty brown.

**C**

Your smile reminds me every time,

**D**

Of what I miss and missed in life.

**G**

And sometimes when I get a text,

**Em**

My heart just skips a beat.

**C**

Do you want to date me,

**D**

Yeah we can be discreet.

[Chorus]

**G**

**Em**

If the guts wouldn't lack me, I had already asked her out,

**C**

**D**

And I would kiss her, yeah kiss her.

**G**

**Em**

If she only just knew that I did write this song about her,

**C**

**D**

She would date me, or block me.

[Verse 3]

**G**

The first date was wonderful,

**Em**

You were very sweet.

**C**

I loved everything about you,

**D**

From your head to your feet

**G**

But what I still wonder,

**Em**

Is when I meet this girl.

**C**

In my head I did date you.

**D**

But not in the real world.

[Chorus]

**G**

**Em**

If the guts wouldn't lack me, I had already asked her out,

**C**

**D**

And I would kiss her, yeah kiss her.

**G**

**Em**

If she only just knew that I did write this song about her,

**C**

**D**

She would date me, or block me.

[Bridge]

**G**

I will never let you down.

**Em**

I will never make you cry.

**C**

My heart is true my love.

**D**

Do you want to be mine.
