

**Mike Keesler - Bury My Memories**

**Misc Your Songs**

Written in 2015, this is a song about a toxic relationship.

Bury My Memories

**F**  
I m goin out to the graveyard at the edge of town  
**Bb** **F**  
I m gonna dig me a big hole, way deep in the ground  
**C**  
Gonna bury me memories of you so deep  
**F**  
Memories so dear they still make me weep

**F**  
I m gonna wear my graveyard suit and tie  
**Bb** **F**  
To go with your graveyard dress and your lies  
**C**  
The graveyard s the place where dreams go to die  
**F**  
Now dreams we wrought together, turned out to be lies

**F**  
I m goin to the churchyard, drop my coffin in that hole  
**Bb** **F**  
Well that coffin be filled, filled up with my soul  
**C**  
That coffin gonna be more than three feet thick  
**F**  
To keep me from your brimstone heart and your tricks

**F**  
It was like goin to jail when I married you  
**Bb** **F**  
Should have known your love was real bad news  
**C**  
Went to the altar with a gun to my head  
**F**  
I didn t realize I was better off dead

**F**  
I m goin out to the graveyard at the edge of town  
**Bb** **F**  
I m gonna dig me a big hole, deep in the ground  
**C**  
Gonna bury me memories of you so deep  
**F**

Memories so dear they still make me weep

**C**

Gonna bury me memories of you so deep

**F**

Memories so dear they still make me weep

**C**

Gonna bury me memories of you so deep

**F**

Memories so dear they still make me weep

Fade.

This song could use a solo, or a bridge, or both.
